written by Pastor Wandra P. Williams

## January 6, 2021 "Relationships"

Read [James 2:23](#), [John 15:5](#), [Hebrews 11:6](#), [Proverbs 17:17](#)

What kind of people surround you? When you assess your relationships, what do they look like? Are you in relationships that are healthy, bring balance, and add value to your life or are you in relationships that are toxic and full of confusion and chaos? Whatever the case may be, the most important relationship you should assess is your relationship with Father God. How deep is your connection to God? Do you have a real relationship with Him or is it just religion? There's a difference between the two. It's one thing to know the Word of God, and another thing to actually live it. Religion knows the Word of God but, relationship *lives* the Word of God. Take some time today and evaluate your relationship with God and the people in your life. Check your connections. Today, when you pray, ask God to show you how to strengthen your relationship with Him.
