

31-DAY CONSECRATION FAST DEVOTIONAL

written by Pastor Wandra P. Williams

January 10, 2021 "Patience"

Read [James 1:1-4](#), [Galatians 5:22-23](#), [Colossians 3:12-13](#)

It is so easy to become impatient with others and at times yourself. Patience tests your willingness to allow her to work in your life. It is a fruit of the Spirit God requires of those who love and serve Him. Never be afraid to ask for it and always be willing to accept it. Patience is good for you because it teaches you while you wait and helps you to endure what you are unable to endure on your own. If you're wondering why you are experiencing tests, trials, disappointments, and set-backs consider this, perhaps it has nothing to do with what you're doing wrong but, what you're doing right. Patience has a way of smoothing out the rough edges in our life by testing us in areas for the sole purpose of perfecting or maturing us in that area. Begin to thank God for using your trial to perfect those things concerning you. Today when you pray, ask God to help you trust Him and be patient with the process.

DAY 10
