

31-DAY CONSECRATION FAST DEVOTIONAL

written by Pastor Wandra P. Williams

January 25, 2021 "Following Instructions"

Read: [Psalm 32:8](#), [Proverbs 1:8](#)

Have you ever purchased something that required some type of assembly? Perhaps it was a shelving unit for your garage or toys for Christmas you bought for your young children. Items that require some assembly will come with an instruction manual. The manual is provided to help you successfully assemble the product. The manual often includes written instructions along with visual images of what your final assembly should look like. Just as you receive instructions for the items you assemble, the Word of God gives us instructions on how to live a life pleasing to God. God has specific instructions for you but how well do you follow them? Just as you instruct and teach your children, the Holy Spirit lives in you to instruct and teach you. Take the time to learn of God. Before you make a decision today, take the time to get instructions from God. Seek His wise counsel and when He responds, simply follow His instructions. You won't regret it. Today when you pray, ask the Lord to position your heart and mind to receive whatever it is the Holy Spirit wants to instruct and teach you.

DAY 25
