

31-DAY CONSECRATION FAST DEVOTIONAL

written by Pastor Wandra P. Williams

January 15, 2021 "Faith"

Read [Hebrews 11:1](#), [Hebrews 11:6](#)

There's an adage that says, "seeing is believing". Do you have a hard time believing in what you cannot see? Your faith is the substance of things hoped for and the evidence of things not seen. Your faith is often tested more so when you are faced with a situation or problem far beyond your control. But having faith in God is the thing you need to have to obtain those things beyond what your natural eye can see. Having faith is what pleases God and walking in it, puts you in a sweet and vulnerable position to trust Him. Faith moves beyond the scope of your thinking and looks to the future of God's divine plan and purpose. Faith is at work and it's already in the place you're trying to get to. It's just waiting for you to work it. Faith that is not put to work is dead. Faith is always active, but it requires you as God's child to move in it. You definitely have a measure of faith, whether it be the size of a mustard seed or greater. You have it. Use it and watch your faith grow. Today, when you pray, think about the areas in your life where faith is lacking. Ask God to strengthen your faith and trust in Him.
