

31-DAY CONSECRATION FAST DEVOTIONAL

written by Pastor Wandra P. Williams

January 20, 2021 "Grace"

Read [Ephesians 2:8](#), [2 Corinthians 12:9](#), [James 4:6](#)

Grace is defined as “..the free and unmerited favor of God, as manifested in the salvation of sinners and the bestowal of blessings.” It is God’s grace that carries you and sustains you. This grace is given and manifests in our salvation. God has bestowed you with many blessings, free of charge; favor that was unmerited, yet He did it anyway. As a believer, as a child of God, never take the grace of God for granted. You too can extend grace to others. You can extend grace to people you don’t know by simply being a blessing to them. Not because they’ve done something for you, but because you just simply want to do something for them. You can bless people with encouraging words, by praying for them or by simply being available for what they may need. As you reflect on God’s grace begin to thank Him for every moment you have experienced the Grace of God at work in your life. Today when you pray, thank God for his grace and ask Him to help you extend grace to those who need it.
