

31-DAY CONSECRATION FAST DEVOTIONAL

written by Pastor Wandra P. Williams

January 29, 2021 "Widows"

Read: [Exodus 22:22](#), [1 Timothy 5:3](#), [Psalm 68:5](#)

Do you know someone is a widow? Are you a widow? After the funeral, widows are often forgotten about. But as a believer you have the responsibility of making sure that they're not forgotten about. The Bible gives specific instructions for how the Body of Christ should care for the widows. In Exodus 22 instructions are given to not mistreat any widow or fatherless child, 1 Timothy 5 gives instructions to honor widows who are truly widows, particularly meaning those who have no children or grandchildren. These are the things that please the Lord. Take some time to think about those whom you know that are widowed. When was the last time you reached out to them? Reaching out to them can be as simple as a phone call or a card you send in the mail to let them know you are thinking about them. Today, when you pray, ask God to show you the widow's you can reach out to and be a blessing. People need to know that they have not been forgotten and you have an awesome opportunity to remind them of God's love for them.
